

FISCAL NOTE

HB 3203 - SB 3334

February 18, 2008

SUMMARY OF BILL: Authorizes municipal courts to suspend a person's driver's license for violating a traffic law or ordinance.

ESTIMATED FISCAL IMPACT:

Increase State Expenditures - \$17,500/One-Time

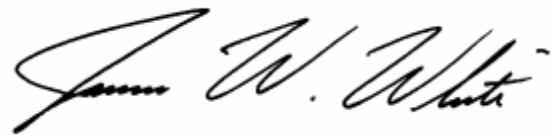

Increase Local Expenditures – Not Significant/Permissive

Assumption:

- Changes would be required to five computer programs operated by the Department of Safety, at a cost of \$3,500 per program (5 x \$3,500 = \$17,500). These changes would be necessary to reflect the action of the court and prevent the Department from issuing a duplicate driver's license.
- The number of municipal courts who would suspend driver's licenses cannot be determined. However, it is reasonably expected that any increase in local government expenditures could be absorbed within existing resources and would not have a significant fiscal impact.
